Barium Lead Stabilizer

PureSTAB™ - 520

Description

PureSTAB™ - 520 is a Barium Lead Stabilizer designed as a Heat Stabilizer for making for black and natural compact PVC compound. It is specially designed formulation One-Pack working as Heat Stabilizer with the combination of special lubricants, thermal booster etc. The combination of barium leads to effective stabilization in PVC processing stability and long term stability.

Typical Physical and Chemical Properties

Appearance	Fine White Powder
Specific Gravity	1.60±0.05
Bulk Density, Free Flowing	0.5 – 0.6 gm/ml.
Moisture Content (100°C. ±2° C. in 1 Hour)	1 % max.

Features

This product provides outstanding thermal stability with an excellent initial colour, colour retention and long-term heat stability in white or light pigmented products. It imparts excellent heat stability.

Recommendation Usage Level

4 – 7 phr of PVC Resin.

Self Life

This product is used in within a 24 month, when stored under the right conditions.

Packaging

This product is packaged in 25Kgs. PP Woven Sack Bag with Linner.

Storage

Store in a cool and dry place, once opened, the bag should be tightly close after use.

No warranty, expressed or implied, or merchantability, fitness for a particular purpose or otherwise is made, except that the products herein discussed comply with the chemical description on the labels. Buyer assumes risks of the use, storage and handling. Hummel shall not be liable for any incidental or consequential damages arising directly or indirectly in connection with the purchase, use, storage or handling of this product. The information contained herein is, to the best of our knowledge, true and accurate. However, all recommendation or suggestions are made without guarantee, since the conditions of use are beyond our control. We disclaim any liability incurred in connection with the use of these data or suggestions. This information is not to be taken as a license to operate under, or a recommendation to infringe any patent (s).

The above mentioned chemical product has no poison, no pollution and no cauterization, It is common chemical product.
